The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the South Londonderry Community Wastewater System – Segment II in Fiscal Year 2027. The entity to receive funding for this project is the Town of Londonderry, located at 100 Old School Street, South Londonderry, VT 05155. The funding would be used for the extension and service connections for the South Londonderry Wastewater System. The project is an appropriate use of taxpayer funds because it invests in infrastructure that reduces construction costs for new housing, removes physical and environmental constraints associated with on-site septic systems, and supports smart growth by directing new housing into the state-designated South Londonderry Village Center, thereby reducing development pressure in flood hazard areas and promoting more resilient land use patterns. Together, these benefits take a critical step toward addressing local housing needs while advancing community safety and long-term economic vitality.

The project has a federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Becca Balint

Member of Congress
