Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Burlington for South End Wastewater Storage project in fiscal year 2026. The entity to receive funding for this project is City of Burlington located at 234 Penny Lane, Burlington, VT, 05401. The funding would be used for removing a combined sewer overflow by constructing a storage tank to hold water during heavy rain events. The project is an appropriate use of taxpayer funds because the project will improve surface water quality by significantly reducing the frequency and volume of combined sewer overflow events to Lake Champlain.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
